RE: COMPLAINT VIDE MASAKA CRB 124/2022

My Lord we still have retained instructions from our client herein **Tushabe Bruce Nzabanita** President Volunteer Uganda Extra Ltd herein the complainant on whose instructions we address you as here below;

1. First, we humbly pray that you refer to ours referenced **SCA/13/2023** dated **13/Jan/2023** addressed to you through your Email and complaint desk email addresses.
This communication arises from yours referenced **PRO. 29/102/18** , dated **24/01/2023** where you precisely stated that the impugned Masaka **CRB 124/2022** and **CRB 203/2022**, our client had complained that the two files Vide complaint referenced **HAS/GEN/06/2022**, dated **30th June/2022** had to be called and perused together but accordingly only one file was called and that is Masaka CRB 203/2022 for which it was instructed it goes on further inquiry , but lucky enough it recently, although still on inquiry terminated and stayed sine die due to the recent constitutional ruling nullifying Section .25 of computer Misuse Act.
2. That the calling letter referenced **PRO 29/102/18**, dated 24/01/2022 was a response to our client's complaint quoted above where you ordered that Masaka **CRB 124/2022** be called for perusal as prayed by our client.
3. That it's to our greatest astonishment and utter disappointment that your office made conflicting orders calling for the file and at the same time even before the same file is delivered, the same office issues a cancellation letter referenced PRO 29/02/18 dated 01/2/2023. This is irregular and amounts to abuse of office, misconduct and alleged corruption.

4. That in the cancellation letter it was stated that a decision was reached by your office to have only **CRB/124/2022** called and that the same file **CRB 124/2022** was called and a decision taken from head quarters to have the suspect charged with forgery and uttering false documents.

However this file Masaka **CRB 124/2022** has never been called for perusal from our complaints at the headquarters.

My Lord with due respect we want to catatonically state that this country is a one governed by the rule of law and where in this dispensation of constitutional matrix the issue of human rights with particular emphasis to liberty is held so dear and sacrosanct .In the circumstance, no one is above the law to take away or undermine the Human Rights of others.

We are aware that our client was complaining largely about collusion and mishandling of his file specifically by the Assistant DPP Regional Office Masaka **Amumpire Jenipher** and **ELEM OGWAL CHARLES** the Deputy DPP colliding with the complainant **Namere Justine** to maliciously charge him to help the complainant to perpetuate her vengeful and unnecessary vendetta against our client.

My Lord, we want to be categorical clear that your office has been penetrated and is being used in a manner prejudicial and contrary to the terms of reference of your staff.

It is our humble prayer that you take the initiative to investigate your officers particularly those complained about.

We further still retaliate that you personally call the file and peruse it because your officers are being used by the perpetrators of injustice and our client has lost trust in them.

Should you fail to investigate and tame the illegal behaviour of your errant officers our client shall have no alternative but to report to the investigative and mandated institutions to carry out the same not limiting to taking the matters to the courts of law for appropriate redress.

Much obliged

Hoping for a timely and positive response.

Sincerely
